More about Vietnamese Tea

In Vietnam, the tea culture has been part of households for centuries. At Zannier Hotels Bãi San Hô, we carry on and respect the Vietnamese traditions by serving locally grown tea, along with those delicious cookies.

Trà Sen, or lotus flower tea, is commonly used in festivals and ceremonies, but also for its detoxification and digesting properties. This delicate beverage is traditionally prepared by enveloping some local green tea leaves within a lotus flower, absorbing the subtle aromas overnight. Considered as a symbol of purity, beauty and optimism, it is also the national flower of Vietnam.
